Subject: LSASD Acting Director

Hello LSASD,

Chris and I are pleased to let you know that Linda Anderson-Carnahan has agreed to extend her detail and serve as your acting Division Director until the end of January. David Allnutt will also continue as the acting SEMD Director until the end of January, which will allow us time for the recruitment of a permanent SEMD Director.

We thank Linda and David for their leadership and all of you for your support and patience as we continue to manage the changes associated with the regional realignment and Division Director vacancies in Region 10.

Chris and Michelle
